The credit may be claimed for a period of five years and is to be a tax credit against the tax otherwise due. No new tax credits, provided for under sections 135.300 to

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

7 135.311, shall be authorized after June 30, [2013] **2018. In no event shall the aggregate**  
8 **amount of all tax credits allowed pursuant to sections 135.300 to 135.311 exceed four**  
9 **million five hundred thousand dollars in any given fiscal year.**

142.031. 1. As used in this section the following terms shall mean: (1) "Biodiesel", fuel  
2 as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel  
3 (B100) blend stock for distillate fuels; (2) "Missouri qualified biodiesel producer", a facility that  
4 produces biodiesel, is registered with the United States Environmental Protection Agency  
5 according to the requirements of 40 CFR 79, and:

6 (a) a. Is at least fifty-one percent owned by agricultural producers who are residents of  
7 this state and who are actively engaged in agricultural production for commercial purposes; or  
8 b. At least eighty percent of the feedstock used by the facility originates in the state of  
9 Missouri. For purposes of this section, "feedstock" means an agricultural, horticultural,  
10 viticultural, vegetable, aquacultural, livestock, forestry, or poultry product either in its natural  
11 or processed state; and

12 (b) Meets all of the following:

13 a. Has registered with the department of agriculture by September 1, 2007;  
14 b. Has begun construction of the facility before November 1, 2007; and  
15 c. Has begun production of biodiesel before March 1, 2009.

16 2. The "Missouri Qualified Biodiesel Producer Incentive Fund" is hereby created and  
17 subject to appropriations shall be used to provide economic subsidies to Missouri qualified  
18 biodiesel producers pursuant to this section.

19 The director of the department of agriculture shall administer the fund pursuant to this section.

20 3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the  
21 fund provided that one hundred percent of the feedstock originates in the United States.  
22 However, the director may waive the feedstock requirements on a month-to-month basis if the  
23 facility provides verification that adequate feedstock is not available. A Missouri qualified  
24 biodiesel producer shall only be eligible for the grant for a total of sixty months unless such  
25 producers during the sixty months fail, due to a lack of appropriations, to receive the full amount  
26 from the fund for which the producers were eligible, in which case such producers shall continue  
27 to be eligible [for up to twenty-four additional months or] until they have received the maximum  
28 amount of funding for which such producers were eligible during the original sixty-month time  
29 period. The amount of the grant is determined by calculating the estimated gallons of qualified  
30 biodiesel produced during the preceding month from feedstock, as certified by the department  
31 of agriculture, and applying such figure to the per-gallon incentive credit established in this  
32 subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any  
33 fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified

34 biodiesel produced from feedstock in the fiscal year plus ten cents per gallon for the next fifteen  
35 million gallons of qualified biodiesel produced from feedstock in the fiscal year. All such  
36 qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of thirty  
37 million gallons shall not be applied to the computation of a grant pursuant to this subsection.  
38 The department of agriculture shall pay all grants for a particular month by the fifteenth day after  
39 receipt and approval of the application described in subsection 4 of this section.

40 4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund,  
41 an application for such funds shall be received no later than fifteen days following the last day  
42 of the month for which the grant is sought. The application shall include:

43 (1) The location of the Missouri qualified biodiesel producer;

44 (2) The average number of citizens of Missouri employed by the Missouri qualified  
45 biodiesel producer in the preceding month, if applicable;

46 (3) The number of bushel equivalents of Missouri feedstock and out-of-state feedstock  
47 used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding  
48 month;

49 (4) The number of gallons of qualified biodiesel the producer manufactures during the  
50 month for which the grant is applied;

51 (5) A copy of the qualified biodiesel producer license required pursuant to subsection  
52 5 of this section, name and address of surety company, and amount of bond to be posted pursuant  
53 to subsection 5 of this section; and

54 (6) Any other information deemed necessary by the department of agriculture to  
55 adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

56 5. The director of the department of agriculture, in consultation with the department of  
57 revenue, shall promulgate rules and regulations necessary for the administration of the provisions  
58 of this section.

59 6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created  
60 under the authority delegated in this section shall become effective only if it complies with and  
61 is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section  
62 and chapter 536 are nonseverable and if any of the powers vested with the general assembly  
63 pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule  
64 are subsequently held unconstitutional, then the grant of rulemaking authority and any rule  
65 proposed or adopted after August 28, 2002, shall be invalid and void.

66 7. This section shall expire on December 31, 2009. However, Missouri qualified  
67 biodiesel producers receiving any grants awarded prior to December 31, 2009, shall continue to  
68 be eligible for the remainder of the original sixty-month time period under the same terms and  
69 conditions of this section unless such producer during such sixty months failed, due to a lack of

70 appropriations, to receive the full amount from the fund for which he or she was eligible. In such  
71 case, such producers shall continue to be eligible [for up to twenty-four additional months or]  
72 until they have received the maximum amount of funding for which they were eligible during  
73 the original sixty-month time period.

74 8. Any Missouri qualified biodiesel producer who receives any grant payments under this  
75 section who subsequently sells the biodiesel facility shall be subject to the following payback  
76 requirements:

77 (1) If such facility is sold within less than one year of the date of issuance of the last  
78 grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of fifty  
79 percent of the total amount of grant payments received under this section;

80 (2) If such facility is sold within one to two years of the date of issuance of the last grant  
81 payment, the Missouri qualified biodiesel producer shall pay the state the amount of forty percent  
82 of the total amount of grant payments received under this section;

83 (3) If such facility is sold within two to three years of the date of issuance of the last  
84 grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of thirty  
85 percent of the total amount of grant payments received under this section;

86 (4) If such facility is sold within three to four years of the date of issuance of the last  
87 grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of twenty  
88 percent of the total amount of grant payments received under this section;

89 (5) If such facility is sold within four to five years of the date of issuance of the last grant  
90 payment, the Missouri qualified biodiesel producer shall pay the state the amount of ten percent  
91 of the total amount of grant payments received under this section. If the sale date of the facility  
92 falls on a date that qualifies under more than one subdivision of this subsection, the greater  
93 payback amount shall apply. For purposes of this subsection, a facility shall be considered "sold"  
94 when there is a change in at least fifty-one percent of the facility's ownership in a transaction that  
95 involves a buyer or buyers and a seller or sellers.

178.530. 1. The state board of education shall establish standards and annually inspect,  
2 as a basis for approval, all public prevocational, vocational schools, Linn State Technical  
3 College, departments and classes receiving state or federal moneys for giving training in  
4 agriculture, industrial, home economics and commercial subjects and all schools, departments  
5 and classes receiving state or federal moneys for the preparation of teachers and supervisors of  
6 such subjects. The public prevocational and vocational schools, Linn State Technical College,  
7 departments, and classes, and the training schools, departments and classes are entitled to the  
8 state or federal moneys so long as they are approved by the state board of education, as to site,  
9 plant, equipment, qualifications of teachers, admission of pupils, courses of study and methods  
10 of instruction. All disbursements of state or federal moneys for the benefit of the approved

11 prevocational and vocational schools, Linn State Technical College, departments and classes  
12 shall be made semiannually. The school board of each approved school or the governing body  
13 of Linn State Technical College shall file a report with the state board of education at the times  
14 and in the form that the state board requires. Upon receipt of a satisfactory report, the state board  
15 of education shall certify to the commissioner of administration for his approval the amount of  
16 the state and federal moneys due the school district or Linn State Technical College. The amount  
17 due the school district shall be certified by the commissioner of administration and proper  
18 warrant therefor shall be issued to the district treasurer or Linn State Technical College.

19 **2. Notwithstanding the provisions of subsection 1 of this section, the state board of**  
20 **education shall establish standards for agricultural education that may be adopted by a**  
21 **private school accredited by an agency recognized by the United States Department of**  
22 **Education as an accreditor of private schools that wishes to provide quality vocational**  
23 **programming outside the requirements of, but consistent with, the federal vocational**  
24 **Education Act. Such standards shall be sufficient to qualify a private school to apply to**  
25 **the state chapter for approval of a local chapter of a federally chartered national**  
26 **agricultural education association on a form developed for that purpose by the department**  
27 **of elementary and secondary education without eligibility to receive state or federal**  
28 **funding for agricultural vocational education; however, such private school shall**  
29 **reimburse the department annually for the cost of oversight and maintenance of the**  
30 **program.**

**262.005. 1. Agriculture which provides food, energy, and security is the foundation**  
2 **and stabilizing force of Missouri's economy. To protect this vital sector of Missouri's**  
3 **economy, it shall be the right of persons to raise livestock, as defined in section 144.010, in**  
4 **a manner adhering to state and local laws and ordinances as enacted on August 28, 2012,**  
5 **or at the commencement of operations, whichever is later.**

6 **2. Nothing in this section shall be construed or interpreted to limit the authority of**  
7 **the department of agriculture or the state veterinarian to carry out the department's**  
8 **statutory and regulatory responsibilities and functions as currently and hereafter provided**  
9 **under Chapters 261 to 281, Chapter 350 and Chapters 411 to 414 and all rules and**  
10 **regulations promulgated thereunder.**

**262.255. The state fair commission shall permit all qualifying 4-H and Future**  
2 **Farmers of America (FFA) members to exhibit livestock at the state fair. The state fair**  
3 **commission shall have the authority to establish rules and fees for participation in its**  
4 **individual events.**

262.257. The state fair commission shall permit all qualified livestock breeders to exhibit livestock at the state fair. The state fair commission shall have the authority to establish rules and fees for participation in its individual events.

262.598. 1. As used in this section, the following terms shall mean:

(1) "Consolidated district", a district formed jointly by two or more councils;

(2) "Council", a University of Missouri extension council authorized under section 262.563;

(3) "District" or "extension district", a political subdivision formed by one or more councils;

(4) "Single-council district", a district formed by one council;

(5) "Governing body", the group of individuals who govern a district.

2. University of Missouri extension councils are hereby authorized to form extension districts made up of cooperating counties for the purpose of funding extension programming. An extension district may be a single-council district or a consolidated district. A single-council district shall be formed upon a majority vote of the full council. A consolidated district shall be formed upon a majority vote of each participating council.

3. In a single-council district, the council shall serve as the district's governing body. In addition to any other powers and duties granted to the council under sections 262.550 to 262.620, the council shall also have the powers and duties provided under subsection 5 of this section.

4. In a consolidated district, the governing body of the district shall consist of at least three, but no more than five, representatives appointed by each participating council. The term of office shall be two years. Representatives may be reappointed. This governing body shall elect officers, who shall serve as officers for two years, and establish a regular meeting schedule which shall be not less than once every three months.

5. The governing body of a district shall have the following powers and duties:

(1) Review the activities and annual budgets of each participating council;

(2) Determine, by September first of each year, the tax rate necessary to generate sufficient revenue to fund the extension programming in the district, which includes annual funding for each participating council for the costs of personnel and the acquisition, supply, and maintenance of each council's property, work, and equipment;

(3) Oversee the collection of any tax authorized under this section by ensuring the revenue is deposited into a special fund and monitoring the use of the funds to ensure they are used solely for extension programming in the district;

(4) Approve payments from the special fund in which the tax revenue is deposited;

and

34           **(5) Work cooperatively with each participating council to plan and facilitate the**  
35 **programs, equipment, and activities in the district.**

37 **district to institute a property tax levy in the county or counties that compose the district.**  
38 **Questions may be submitted to the voters of the district at any general municipal election.**  
39 **Any such proposed tax shall not exceed thirty cents per one hundred dollars of assessed**  
40 **valuation. Such question shall be submitted in substantially the following form:**

41           **"Shall the Extension District in ..... County (insert name of county) be authorized**  
42 **to levy an annual tax of ..... (insert amount not to exceed thirty) cents per one hundred**  
43 **dollars of assessed valuation for the purpose of funding the University of Missouri**  
44 **Extension District programs, equipment, and services in the district?".**

45

46 **In a single-council district, if a majority of the voters in the county approve the question,**  
47 **then the district shall impose the tax. In a consolidated district, if a majority of voters in**  
48 **each county in the district approve the tax, then the district shall impose the tax. In a**  
49 **consolidated district, if a majority of voters in a county do not approve the tax, the council**  
50 **in the county that did not approve the tax may withdraw from the district. Upon such**  
51 **withdrawal, the district shall be made up of the remaining counties and the tax shall be**  
52 **imposed in those counties. However, if the county that did not approve the tax does not**  
53 **withdraw from the district, the tax shall not be imposed. Revenues collected from the**  
54 **imposition of a tax authorized under this section shall be deposited into a special fund**  
55 **dedicated only for use by the local district for programming purposes. If a majority of the**  
56 **voters in a single-council district do not approve the question, then no tax shall be imposed.**  
57 **If a majority of the voters in a consolidated district do not approve the question, then no**  
58 **tax shall be imposed in any county of the district.**

59           **7. The county commission of any county in which the tax authorized under this**  
60 **section is levied and collected:**

61           **(1) Shall be exempt from the funding requirements under section 262.597 if revenue**  
62 **derived from the tax authorized under this section is in excess of an amount equal to two**  
63 **hundred percent of the average funding received under section 262.597 for the immediately**  
64 **preceding three years; or**

65           **(2) May reduce the current year's funding amount under section 262.597 by thirty-**  
66 **three percent of the amount of tax revenues derived from the tax authorized under this**  
67 **section which exceed the average amount of funding received under section 262.597 for the**  
68 **immediately preceding three years.**

69           **8. Any county that collects tax revenues authorized under this section shall transfer**  
70 **all attributable revenue plus monthly interest for deposit into the district's special fund.**  
71 **The governing body of the district shall comply with the prudent investor standard for**  
72 **investment fiduciaries as provided in section 105.688.**

73           **9. In any county in which a single-council district is established, and for which a**  
74 **tax has not been levied, the district may be dissolved in the same manner in which it was**  
75 **formed.**

76           **10. A county may withdraw from a consolidated district at any time by the filing**  
77 **of a petition with the circuit court having jurisdiction over the district. The petition shall**  
78 **be signed by not fewer than ten percent of those who voted in the most recent presidential**  
79 **election in the county seeking to withdraw that is part of a consolidated district stating that**  
80 **further operation of the district is contrary to the best interests of the inhabitants of the**  
81 **county in which the district is located and that the county seeks to withdraw from the**  
82 **district. The circuit court shall hear evidence on the petition. If the court finds that it is**  
83 **in the best interest of the inhabitants of the county in which the district is located for the**  
84 **county to withdraw from the district, the court shall make an order reciting the same and**  
85 **submit the question to the voters. The question shall be submitted in substantially the**  
86 **following format:**

87           **"Shall the County of ..... (insert name of county) being part of ..... (insert name**  
88 **of district) Extension District withdraw from the district?".**

89  
90           **The question shall be submitted at the next general municipal election date. The election**  
91 **returns shall be certified to the court. If the court finds that two-thirds of the voters voting**  
92 **on the question voted in favor of withdrawing from the district, the court shall issue an**  
93 **order withdrawing the county from the district, which shall contain a proviso that the**  
94 **district shall remain intact for the sole purposes of paying all outstanding and lawful**  
95 **obligations and disposing of the district's property. No additional costs or obligations for**  
96 **the withdrawing county shall be created except as necessary. The withdrawal shall occur**  
97 **on the first day of the following January after the vote. If the court finds that two-thirds**  
98 **of the voters voting on the question shall not have voted favorably on the question to**  
99 **withdraw from the district, the court shall issue an order dismissing the petition and the**  
100 **district shall continue to operate.**

101           **11. The governing body of any district may seek voter approval to increase its**  
102 **current tax rate authorized under this section, provided such increase shall not cause the**  
103 **total tax to exceed thirty cents per one hundred dollars of assessed valuation. To propose**  
104 **such an increase, the governing body shall submit the question to the voters at the general**

105 municipal election in the county in which the district is located. The question shall be  
106 submitted in substantially the following form:

107 "Shall the Extension District in ..... (insert name of county or counties) be  
108 authorized to increase the tax rate from ..... (insert current amount of tax) cents to .....  
109 (insert proposed amount of tax not to exceed thirty) cents per one hundred dollars of  
110 assessed valuation for the purpose of funding the University of Missouri Extension District  
111 programs, equipment, and services in the district?"

112

113 In a single-council district, if a majority of the voters in the county approve the question,  
114 then the district shall impose the tax. In a consolidated district, if a majority of voters in  
115 the district approve the tax rate, then the district shall impose the new tax rate. Revenues  
116 collected from the imposition of the tax authorized under this section shall be deposited  
117 into the special fund dedicated only for use by the district. If a majority of the voters in  
118 a single-council district do not approve the question, then the tax shall not be imposed. If  
119 a majority of the voters in a consolidated district do not approve the question, then the tax  
120 shall not be imposed in any county of the district.

262.750. Notwithstanding any other provision of law, the right to conduct and  
2 participate in rodeos in this state shall be guaranteed and no law, ordinance, or rule shall  
3 be enacted to prohibit the conducting of or participation in rodeos in this state; except that,  
4 nothing in this section shall be construed as prohibiting any reasonable restrictions  
5 regarding time, place, and manner consistent with other similar events or be construed as  
6 superceding local zoning ordinances. Promoters of rodeos shall have the authority to  
7 establish fees and set rules for their specific events, including but not limited to  
8 qualifications and procedures for participation.

262.795. Any law to the contrary notwithstanding, a child, as defined in subdivision  
2 (1) of section 294.011, may perform agriculture work, as defined in subdivision (1) of  
3 section 290.500, on a farm owned and operated by the child's parent, sibling, grandparent  
4 or sibling of a parent or, if performed by the child with the knowledge and consent of the  
5 child's parent, on any family farm, as defined in subdivision (4) of section 350.010, or on  
6 any family farm corporation, as defined in subdivision (5) of section 350.010, including  
7 work that would otherwise be prohibited by subdivisions (1), (2), (3), (7), and (12) of section  
8 294.040; but no such child shall be permitted to engage in any other activities prohibited  
9 by section 294.040. The term "parent", as used in this section, shall have the same  
10 meaning as in subdivision (8) of section 294.011. Children engaged in work permitted by  
11 this section may do so without obtaining a work certificate as required by section 294.024.

12 **Children engaged in work permitted by this section are not subject to the limitations set**  
13 **out in section 294.030 and subsection 4 of section 294.045.**

15 Inherent risks of agritourism activities include, but are not limited to, the potential of you  
16 as a participant to act in a negligent manner that may contribute to your injury or death  
17 and the potential of another participant to act in a negligent manner that may contribute

23 registered agritourism operator's liability at the registered agritourism location.

          537.859. 1. Except as provided in subsection 2 of this section, a registered  
2 agritourism operator is not liable for injury to or death of a participant resulting from the  
3 inherent risks of agritourism activities so long as the warning contained in section 537.856  
4 is posted as required and, except as provided in subsection 2 of this section, no participant  
5 or participant's representative shall maintain an action against or recover from a

15 (3) Fails to use that degree of care that an ordinarily careful and prudent person  
16 would use under the same or similar circumstances.

17 3. In any action for damages for personal injury, death, or property damage arising
